Subject: Request for manpower levelling

Dear Serbian brothers!

You are acquainted with a fact that merciless war has been waged against the Serbian people in BH. Last ten days massive operations are taking place just on our terrain. Coming from Zenica and Travnik directions, massive troops of the Ustasha and Muslim forces have been concentrating close to bordering municipalities of Visoko, Breza and Vareš.

In order to keep our present position, to defend this part of the Serbian Republic Bosnia and Herzegovina, to continue the blockade of Sarajevo from our side – from the Bosna river valley, please send us urgently, if it's possible, at least one platoon to Ilijaš. We will provide accommodation and arms for the volunteers.

Mr. LAJNOVIĆ, we kindly ask you to meet our requirements, we need the volunteers "as bread" / as in original, it is Serbian expression/. With you – the victory is ours!

In God, we trust, for the King and Homeland!

President of the Crisis Staff  
Of the Serbian Municipality of Ilijaš
